Ankermoor Primary Academy

Tuesday 14th July

Microsoft Teams

Dear Parents and Carers,

I need to start by sharing my immense gratitude and thanks to all who have accessed Office 365 and Teams over this long time apart. Your willingness and persistence to learn and teach a new way of learning and communicating has helped your children keep in touch with their friends and teachers. Live lessons, sharing pictures on VE day, baking cakes, making bug hotels, practicing phonics, showing photos of activities and work completed, these are just a mere 'drop in the ocean' to the amazing things I have seen be uploaded. I know all of our teachers have been overwhelmed with the responses and usage that their classes have shown. All of this simply wouldn't have happened without you at home. Thank you. I must further thank our staff as they have all shown a huge ability and persistence to adapt quickly to this new online platform.

We have an amazing team / community at Ankermoor and we should all be proud of everything we have achieved during this time.

During the Summer...

The 'Keeping in touch channels' will stay active and children can communicate with each other during their holiday. This will continue to give them a safe area to chat and communicate with each other.

The inbox@ankermoor.org email will continue to run during the Summer for any password requests or problems you may receive. This will be monitored regularly over the holiday but please bear with us as there might be a slight delay in responses.

Our staff look forward to seeing and catching up with you all in September.

Finally...

From myself to all, THANK YOU!

Mr Macdonald
