

# Finding reading books for children

First of all, a huge thank you to the parents that attended the Writing Workshop on Tuesday 10<sup>th</sup> March - your thoughts, input and questions were most appreciated.

One thing that I was asked for was a good source for recommending quality reading books for children. There are lots out there, but this is a great starting point:

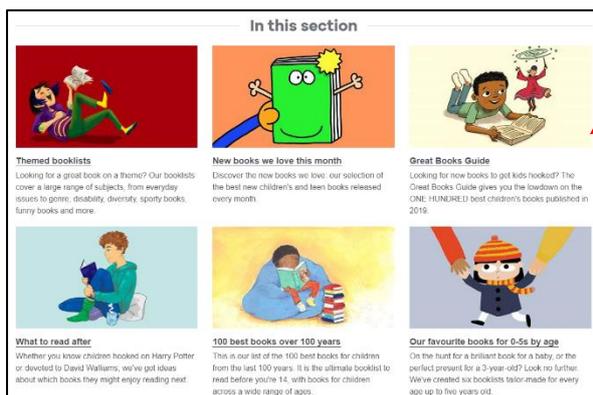

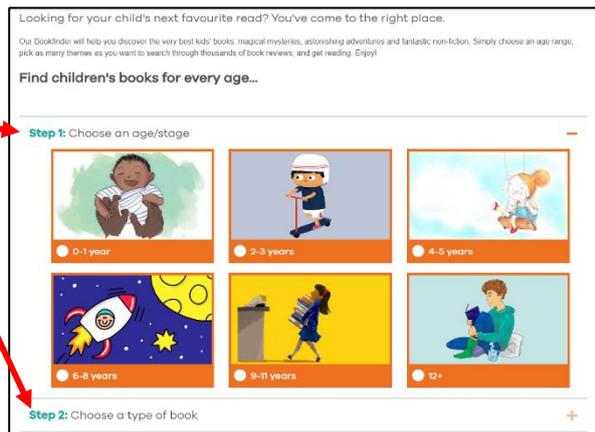

[www.booktrust.org.uk](http://www.booktrust.org.uk)

From the homepage, click on **Books and Reading**.  
From the dropdown menu, click on **Bookfinder**.

From this page, you will be able to select the age of your child and the type of book that they enjoy.  
The **Bookfinder** will then provide you with a list of recommended books.

Also found in the **Books and Reading** dropdown menu is a section called **Our Recommendations** which is also worth exploring.

If you would like any further information, just ask.  
Thanks, Mr F
